

# THE CLIFTON *quarterly*

By The Clifton Community Council, since 1988

## THE GREAT CHILI COOKOFF 2021

Sunday, October 10

NOON to 6 pm. (Rain or Shine)

Frankfort Ave. & Pope St.

Join the Clifton Chili Council in our annual Chili Cook off! So gather up your beans, hot peppers, and chili spices as we turn Frankfort Ave. into a gastronomical heaven with chili lovers cooking and tasting the best chili in Louisville! You've bragged about your famous chili recipe for years... now here's your chance to prove to EVERYONE that YOURS IS THE BEST!!!

The date has been set for October 10, 2021, NOON-6 PM (rain or shine). In return for your \$25 entry fee, each team will receive one 10' by 10' exhibitor space, and one official quart container for the celebrity judges.

We will close Frankfort Ave. on Saturday, Oct. 9 at 5 pm. to start setting up for the cook off. Remember there's no parking or traffic on Frankfort Ave. from State St. to William St. from 5 pm. Saturday, Oct. 9 to 10 pm., Sunday, Oct. 10.

To join or sponsor, contact us at [louisvillechili@gmail.com](mailto:louisvillechili@gmail.com).

Bradley Curry, President of Clifton Chili Council

### CLIFTON COMMUNITY COUNCIL PUBLIC MEETING

**6 pm, Tuesday, September 21**

The meeting will be cancelled if it rains  
OUTSIDE at 131 Vernon Ave  
Clifton Campus of Northeast Christian Church

LMPD from District 5 will speak on  
crime prevention and crime tips

All meetings are open to the public, and  
we enthusiastically invite everyone to attend

*Thanks to the church for donating  
the space for our meetings.*

With the increase of the COVID 19 virus Delta variant --

Clifton Community Council Board of Directors meetings are held thru Zoom at 6 pm on the second Tuesday of each month

Land Use and Preservation Committee meetings are held thru Zoom at 6 pm on the first Tuesday of each month.

If you are interested in joining either of the meetings, please contact Mike O'Leary at [michael.oleary@twc.com](mailto:michael.oleary@twc.com), 502-744-3144

Visit the Clifton website at: [www.cliftonlouky.org](http://www.cliftonlouky.org).

# Better Sidewalks

By: Councilman Bill Hollander

Metro Public Works is repairing sidewalks along Frankfort Avenue, many of them in the Clifton neighborhood near the Kentucky School for the Blind. In the last year, we've appropriated almost \$150,000 in D9 funds for Frankfort Avenue sidewalk repairs. The first step was precision cutting to repair trip hazards that could be fixed without replacing entire sections. The current work is replacing sidewalk sections that can't otherwise be repaired. In a few cases, trees will unfortunately be removed as part of the work, under the watchful eye of Trees Louisville. Every tree will be replaced!

The budget Metro Council passed in June appropriated \$2,000,000 for sidewalk repairs across Louisville, and other D9 sidewalks will be repaired with part of that appropriation. We're using additional D9 funds for the Frankfort Avenue work because Metro general funds are not available for repair of sidewalks along state highways.

We know there is more sidewalk work to be done, not just along Frankfort Avenue. Fixing broken sidewalks and building new ones – along N. Jane to get people safely to and from Kroger, along S. Ewing where blind people walked in the street, and along lower Frankfort to get people to and from Waterfront Park and the Waterfront Botanical Gardens - has been a priority for me and I'll keep working on it.

++++  
"All good things must come to an end". My Dad used that phrase a lot, most notably to irritate a relative near the end of vacations she planned, loved, and hated to see end.

My service on Metro Council has definitely not been a vacation and there will be varying views on whether it has been good. But it is coming to an end. As I announced in the July 8 D9 newsletter, I will not be a candidate for reelection in 2022.

Between now and the first of January 2023, I will continue to do all I can to move Louisville and District 9 forward. We have some remarkable opportunities with American Rescue Plan funding, and I want to make sure we make the most of them. There are also many D9 initiatives that I want to complete.

Serving Clifton and the rest of D9 has been a real honor and I look forward to continuing to do it full time through next year.

**From the Office of Councilman Bill Hollander**

Below please see some important Metro Government dates and contact list for Louisville Metro. For more details on any of the events, please read the District 9 eNews. To sign up for our District 9 eNews, please email [kyle.ethridge@louisvilleky.gov](mailto:kyle.ethridge@louisvilleky.gov)

**Mark your calendars** and check out my updated **BLOG** for a full listing of 9th District events at <https://district9news.wordpress.com>.

- **Monday, September 6:** Labor Day Holiday - Metro offices closed. Collection of trash, recycling and yard waste delayed by one day in the Urban Services District.
- **Saturday, September 25:** Pop-Up Drop-Off Waste Disposal event from 10:00 a.m. - 2:00 p.m. at Sun Valley Ball Field Complex, 10401 Lower River Road. For more information on what will be accepted, please visit [louisvilleky.gov/government/public-works/pop-drop-waste-disposal-events](http://louisvilleky.gov/government/public-works/pop-drop-waste-disposal-events). Future Pop-Up events on Saturday, October 23 at Metro Fleet, 3515 Newburg Road and Saturday, November 20 at UofL Shelby Campus, 440 N. Whittington Pkwy.
- **Saturday, October 23:** D9 Annual Fall Cleanup from 9:00 am - Noon. Volunteers will meet in the Frankfort and Keats public parking lot and will work along Frankfort Avenue to clean and beautify D9. T-shirts, gloves, bags and tools will be available on a first-come, first-served basis.
- **Sunday, October 31:** Happy Halloween - please be safe!
- **Thursday, November 25 & Friday, November 26:** Metro Offices are closed for the Thanksgiving Holiday. No waste collection in the USD on Thursday, collection is delayed one day.

## Helping Persons with Prior Felonies Register While Working for a Constitutional Amendment for Automatic Restoration of Voting Rights

Our Kentucky Constitution disenfranchises for life everyone who is convicted of a felony. Only a partial pardon by a governor or expungement of the felony by a judge restores eligibility to vote. Fortunately, many Kentuckians who were convicted of a felony had their right to vote restored by the governor in December 2019. The League is working to promote awareness of this restoration and is working to help those now eligible to register.

### Constitutional amendment is necessary for a permanent solution

Yet, many more Kentuckians still cannot register to vote because of a past felony conviction. Kentucky is but one of three states along with Iowa and Virginia that does not have a process to restore automatically the right to vote. The League is educating Kentuckians and legislators on the need to place a constitutional amendment on the November 2022 ballot that would permit Kentuckians to decide on permanently changing our state Constitution.

### 197,672 Kentucky citizens cannot vote because of a being convicted of a felony

The League released *An Update: Felony Disenfranchisement in the Commonwealth of Kentucky*, on January 28, 2021. The report shows that 197,672 Kentucky citizens, formerly convicted of a felony, remain disenfranchised despite the governor's 2019 Executive Order 2019-003 that enabled 178,397 to regain the right to register and vote. It also shows that our Commonwealth ranks as the fourth worst state for restoring voting rights and has the seventh highest rate of disenfranchisement of African-Americans in the nation. Of the 256,024 African-Americans of voting age in Kentucky, 38,665 or 15.1% are disenfranchised.

### 67% of Kentuckians support automatic restoration of voting rights

The majority of Kentuckians, across political affiliation, gender and age categories, support the automatic restoration of voting rights for persons who fully complete their felony sentence. Overall support is 67% in favor and 28% opposed, according to a February 2021 statewide poll of Kentucky registered voters conducted by the Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida from February 1 through February 4, 2021. The number of Kentuckians who support the automatic restoration of voting rights upon completion of sentence is increasing. The current 67% approval of automatic restoration by Kentucky voters has increased from the 66% approval in the 2018 Mason-Dixon poll and the 56% approval in a 2006 poll of Kentucky voters conducted by the UK Survey Research Center.

### More information is available

The poll results and the 2021 League's Felony Disenfranchisement Report, along with the 2020, 2019, 2017, 2013 and 2006 Reports, are available at [Felony Disenfranchisement — League of Women Voters of Kentucky \(lwvky.org\)](https://www.lwvky.org/felony-disenfranchisement)

### You're invited to an LWV Open Forum: The Importance of Sewage Monitoring for The COVID Pandemic!

Dr. Ted Smith, Director of the Center for Healthy Air, Water and Soil at U of L, will present his findings, funded by the CDC. Monday, September 20, 2021, at 5:30. No cost. Donations accepted. For more information, call 502-895-5218.

## What a Wonderful Compliment about our Newsletter!

Over 450 Clifton Quarterlies are delivered to the businesses along Frankfort Ave from Mellwood to Ewing for people to pick up and read as they visit, shop or dine on 'The Avenue'. After the Summer 2021 issue was delivered, the Clifton Community Council received an email with these kind words, and we wanted to pass this message along to you. And to all the volunteers that help deliver the newsletter we want to say a special 'Thank you!'.

"While eating at one of the great places in Clifton/Crescent Hill on Saturday I picked up a copy of The Clifton Quarterly to read. I want to compliment you, the board, the newsletter folks and any others involved in putting out the Quarterly. It was such a pleasure to see the interest and commitment of people to their neighborhood. And with History being my undergraduate degree I deeply enjoyed the history lesson."

Regards,  
Mike O'Connell  
Jefferson County Attorney

### WXND 100.9 FM – a new community radio station

A new community radio station, WXND 100.9 FM, launched in December 2020. The frequency 100.9 FM had been silent since January 1, 2020 when Crescent Hill Radio (WCHQ 100.9 FM) went off the air. After that time, WCHQ transferred their frequency along with their extensive local music archive to XtendSound, Inc, a Kentucky-based 501(c)3 nonprofit. Their FM antenna is housed atop Rainbow Blossom in St. Matthews. If you have further questions or would like more information, please visit their website at [xtendsound.org](http://xtendsound.org) or contact Kara Richardson at [xtendsound@gmail.com](mailto:xtendsound@gmail.com).

## D.D. WILLIAMSON IMPROVEMENTS

D.D. Williamson, established in 1865, is the world leader in caramel colorings, natural colors, coloring foods, burnt sugars, and fruit and vegetable-based browns for the food and beverage industry. The colorings are made by heating sugar and water under low pressure. Other products are spray dried and sold as powders.

The Clifton plant at 1901 Payne St. has been in operation since 1948. Currently there are around 50 employees working three shifts. To improve its equipment and to meet the increasing demand for its products, D.D. Williamson has submitted a permit application to the Louisville Metro Air Pollution Control District to approve the replacement of a continuous process cooker with two new batch cookers for liquid caramel coloring. The two new cookers are scheduled to arrive sometime in November 2021. The state boiler inspector and manufacturer engineers will inspect and pressure test the equipment along with the automated and manual safety controls.

D.D. Williamson is committed to making a positive difference in the community and working toward a sustainable future. Residents are encouraged to contact the Plant Manager, Matt Verkuilen, Office: 502-560-5324, Cell: 414-350-7125, with any questions or concerns or to report any objectionable odors.

## Working Together

D.D. Williamson is committed to making a positive difference in our neighborhood. We are proud to support our Clifton community of over 2,000 residents.

### Payne St. and Clifton Ave. Intersection Construction

On August 17, Metro Councilperson Bill Hollander announced the District 9 office is appropriating \$37,000 for safety improvements to the Clifton and Payne intersection. Included in the work will be a new sidewalk, pavers, curb and gutter, pavement markings, and two marked crosswalks across Clifton Ave. and Payne St. Once the roadway is complete near the end of October, Metro Public Works will be installing a four-way stop at this intersection. Metro Public Works believes these changes will improve pedestrian safety while crossing Payne and south Clifton, as well as, making the Payne St. corridor calmer.

## RECYCLING SCHEDULE

Every other week recycling began on July 12, 2021. Recycling items include: empty metal cans, foil pans, empty food and beverage containers, empty glass bottles and jars, newspapers, magazines, mail, paper cups, flattened cardboard, and empty plastic kitchen, laundry, bath bottles and containers. Friday is the normal collection day or Saturday if it is a holiday week. Dates are: Sept 11 and 24, October 8 and 22.

## WATERFRONT BOTANICAL GARDENS

1435 Frankfort Ave., a 23 acre site, is open Wednesday, Friday, Saturday, 10 am to 4 pm, Thursday 10 am to 7 pm., and Sunday noon to 4 pm. A new audio guide interpretive system provides a recording about a garden feature, plant or some history. The Japanese Garden being designed by internationally renowned traditional Japanese landscape designer, Shiro Nakane, is in the fundraising phase and will include a Tea House, summer house, Zen garden, bonsai garden, pond, waterfall, and an arched bridge. The land is to be dedicated on July 24.

For upcoming events check out the website <https://waterfrontgardens.org/events>. Some reoccurring events include: Yoga at the Gardens, Beargrass Creek Canoe Tour, and Tai Ji at the Gardens

## NEIGHBORHOOD PEDESTRIAN AND BICYCLE ACCESS COMMITTEE

A Joint Committee of Clifton, Clifton Heights, and Crescent Hill Community Councils, and Butchertown and Irish Hill Neighborhood Associations. Meetings are by Zoom at 7 pm. on the third Wednesday of even numbered months. Contact Nina Walfoort, the interim Convener, [nwalfoort@gmail.com](mailto:nwalfoort@gmail.com), if you would like to be invited to the next Zoom meeting or to be added to the circulation list for meeting announcements and reports.

## Solar Power for Your Home or Organization

### A Typical Home Solar System:

- Pays for itself in 8-12 years
- Has a guaranteed output for 25 years
- Qualifies for 26% Federal Tax Credit (through 12/31/2022)

SOLAR ENERGY SOLUTIONS

## **PATH TO SOLAR POWER – BY JANE STOSBERG, A CLIFTON RESIDENT**

Living in Clifton with an amazing partner and 3 tabby cats, surrounded by creative, fun and generous neighbors sustained me during even the most dire periods of the pandemic lockdown. Despite these fortunes and the endless task of learning to provide speech therapy over a computer, I couldn't avoid spells of restlessness, the result of which was typically a home project or purchase. We built a patio for the tabbies, added a couple of raised beds to our garden and rounded off our outdoor living space with a 15-year-old hot tub.

The patio was an innocuous luxury and the raised beds seemed to help offset our carbon footprint. Being nearly always at home, we became acutely aware of our energy consumption. On the flip side however, we added an array of gadgets to our indoor living space, all of which, like the hot tub, required electricity. By late winter, we noticed a significant increase in energy consumption on our LG&E statement. Yes, we were both at home much more often, but we knew that our desire for creature comforts fueled the increase as well. We needed and wanted to make amends to the environment.

Thus began our journey to solar panels. We conducted the bulk of our research online, though we also spoke with several friends and friends of friends to help narrow our search. Our first concern was whether we had the financial capacity to afford a solar system. We learned that there are several financial institutions dedicated to offering loans for solar development projects. We also learned about the federal solar Investment Tax Credit (ITC), which provides a 26% tax credit for solar systems installed in 2020-2022, and 22% for systems installed in 2023. This tax credit expires starting in 2024 unless Congress renews it.

Along with financial concerns, the critical factors in our decision-making process included the efficiency of the brand of panels used by the company, the warranties on hardware and installation, and whether the company had an in-house or subcontracted installation team (we wanted in-house).

Our top companies (Solar Energy Solutions and Icon) provided us with aerial analysis of our home's potential solar output with a visual model of panel placement and efficiency. Both companies used well rated panels, in-house installation teams and were supported with positive online reviews. Ultimately, we chose to go with Solar Energy Solutions. Not only did they yield competitive pricing and energy production estimates, they provided the most personal communication, including guidance as we obtained the appropriate permits for our new solar system.

Because Clifton is a Preservation District, our first step was to obtain a "Certificate of Appropriateness" (COA) from the Louisville Metro Landmarks Commission. We were able to do so easily through email with Landmarks staff, providing them with documents of the proposed plan detailing the location of the panels and ensuring the panels were not visible from the primary facade of the house.

Once we had obtained our COA, Solar Energy Solutions installed our system with 4 full days of labor. Their installation team was nothing short of amazing. They took time to explain the process, they cleaned up their work space daily and they were very careful to make sure they did not let our cats get out of the house as they came in and out to install the solar utility panel inside. Upon completion, they contacted LG&E to connect our system to the grid and Louisville Metro for an inspection.

We have been up and running for a little over a month now and in that time we have produced twice as much energy as we have consumed. We are able to bank those extra kilowatt hours and will be able to apply them to our LG&E bills in the winter months when the shorter days mean less production.

We are extremely pleased with our decision to go solar. The process was fairly straightforward, especially with the help of Solar Energy Solutions. Initially, there is an abundance of information online to sift through. I am including a couple of links about solar energy in Louisville specifically and about the federal tax credit. Feel free to email me at [cliftonsolarinfo@gmail.com](mailto:cliftonsolarinfo@gmail.com) if you have any questions.

# BINGHAM PARK MASTER PLAN UPDATE

<https://www.olmstedparks.org/our-parks/bingham-park/>

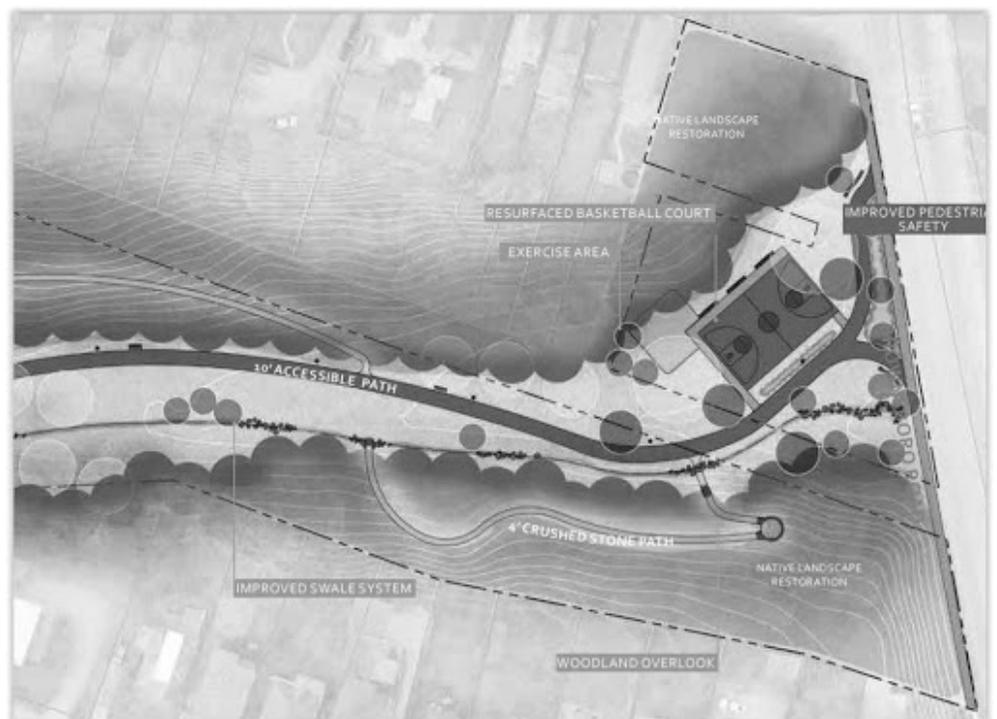

On June 15 at the Council's public meeting, Sarah Wolff from the Olmstead Park Conservancy, presented the current updates to the Bingham Park Master Plan. See the images below or view at the website (above).

The final master plan builds on the original Olmsted Plan from over 100 years ago. Bingham Park will become a linear neighborhood park with dramatic topography and picturesque views as it was originally envisioned by the Olmstead Brothers in 1915. The Bingham Park plan is organized around a central promenade and three main programmatic areas: the amphitheater, a central playground, and an active play and exercise area. The updated Master Plan will prioritize accessibility as well as, modernizing and reevaluating park amenities like restrooms, shelters, lighting, and the infrastructure needed to serve the park and to meet community needs.

Some of the features include:

- ADA Viewing Area
- Accessible Playground
- Amphitheater
- Dry-Laid Stone Stage
- Exercise Area
- Resurfaced Basketball Court
- Woodland Overlook - 2
- Native Landscape Restoration
- New Shelter and Restrooms
- New Splash Pad
- Improved Swain System
- Improved Parking and Sidewalk
- Improved Pedestrian Safety
- 4 foot wide Crushed Stone Path
- 10 foot wide Accessible Path

# THE BOWLES ESTATE

**2141-2143 SYCAMORE AVE.**

**CLIFTON AND SYCAMORE AVES.**

Built between 1817 -1842, Joshua Bowles, a steamboat captain from Virginia and president of the 1st Bank of Louisville moved from steamy, sooty Louisville to his farm located between Frankfort Ave., Brownsboro Rd., Vernon and Ewing Aves. in about 1842. He called his estate 'Clifton' because of the cliffs which overlooked Brownsboro Rd. After Bowles' death in 1869, (He is buried in Cave Hill Cemetery) his heirs subdivided and sold off his land and the Clifton name spread to the surrounding area. In 1883, the 20-room house with its wide lawn, sweeping gravel drive on 18 acres was bought by George Frantz, the father of W. Harold Frantz, whose original hand-made Christmas cards are kept at the Filson Club. These cards were reproduced in 1994 by the Clifton Community Council Preservation Committee. The cards depict scenes from the mansion and neighborhood.

Nettie Oliver, a genealogist with The Filson Historical Society, describes the house and its history:

The house... at 2143 Sycamore Street in the Clifton neighborhood of Louisville... was built in the early 1800's by Joshua Bowles . . . (who) was born in 1795 in Virginia and came to Louisville in 1816. By 1842, Bowles had removed himself from the city and purchased the tract of land between Frankfort Avenue and Brownsboro Road. Joshua Bowles was President of the 1st Bank of Louisville serving from 1840 until his death in 1869. On the 1859 Bergmann map of Jefferson County, Bowles is listed on the large tract of land, which is now Clifton neighborhood. When Bowles died he left in his will the house and property to his daughter Margaretta. In 1883, the house and eighteen acres were sold to the Frantz family. After George W. Frantz bought the property, he began to enlarge the house. He raised the ceilings to twelve feet and added a third floor with a ballroom and more bedrooms.

Frantz kept his home just as it had been for many years. Gas fixtures lighted many of the rooms. The 26-room house contained 19 fireplaces, two of which were made from white marble. A bathroom included a wooden copper-lined tub. There were four pairs of ten feet tall paneled walnut doors adorned with brass ornamental hinges and eighty pairs of paneled walnut shutters and three gold leaf and walnut window cornices.

(After) Frantz died in 1959 . . . a public auction was held. Antique dealers turned out in droves to purchase marble statues, bisque figures, marble top tables, mirrors and hand carved beds. Mr. George W. Frantz, while on trips to Italy, supposedly purchased many of these treasured contents . . . After the auction, the property was sold to Mr. Gilbert Westerfield for \$75,000 and in 1962, the old home was demolished to make way for a nursing home at 2141 Sycamore Ave....

## Clifton is a Preservation District

Prior approval by Metro Landmarks is required before new construction or changes to: exterior doors, windows, siding, additions, porches, storefront, garages, fences, hand rails, roofs, retaining walls, shutters, sidewalks, driveways, decks, patios, signs, tree removal, limestone curbs/walls, brick alleys/streets, any demolition, or any other exterior change. The Metro Landmarks staff are available to assist you and answer any questions you may have by calling 502-574-6230.

### Speed Limits

The speed limit on Frankfort Ave. and Brownsboro Rd., which are state roads, is 35 mph. All other streets in the neighborhood are considered city streets in residential areas where the speed limit is 25 mph. Drivers should also be aware of the many visually-impaired and disabled citizens living or working in the neighborhood and take caution at intersections. Parking on sidewalks or obstructing pedestrian passage on sidewalks is not permitted.

### Junk Pick-up Set Out Dates:

Oct 15-17, 2021, Feb 25-27, 2022, June 10-12, 2022

The Clifton neighborhood boundaries are: Brownsboro Rd on the north, Ewing Ave on the east, I-64 on the south, and Mellwood Ave on the west.

# THE CLIFTON *quarterly*

Since 1988, the Clifton Quarterly is a newsletter produced by the Clifton Community Council each March, June, September and November and is distributed to over 2000 residents and businesses within the area by more than 30 of your neighbors who volunteer to deliver the newsletter to your door.

Volunteers are always needed to help distribute the newsletter, so let us know if you would like to take a route or help on delivery day.

TO ADVERTISE IN THE NEWSLETTER, SEND AN EMAIL TO TOM MCINTYRE, R.THOMAS.MCINTYRE@GMAIL.COM, MIKE O'LEARY, MICHAEL.OLEARY@TWC.COM, OR KYMBERLY PATTERSON, KPATTERSONDESIGNS@GMAIL.COM

# P.S.

WANT TO ADVERTISE BUT DON'T WANT TO DESIGN YOUR AD?  
**WE CAN DO THAT FOR YOU!** ←
