

THE CLIFTON *quarterly*

By The Clifton Community Council, since 1988

Frankfort Avenue Easter Parade

Saturday, April 8, 11:30 am.

The Frankfort Avenue Business Association (FABA), Crescent Hill Community Council, and the Clifton Community Council would like to invite you, your family and friends to participate in the 29th Annual Frankfort Avenue Easter Parade.

The Easter Bunny and the Grand Marshall Michaelle Warner, Easter Parade creator and organizer, will kick off the Parade! Once again, we will be giving out "GOOD EARS" awards for the most creative floats and participants. The Shriners, antique cars, homemade family floats, Hwang's Martial Artists, the Talking Police Car and the Mounted Sheriff's Posse will be back! Plus, plenty of free candy!

If you plan to participate, would like to donate or have questions, please contact Daniel Wormly, dworms86@gmail.com, 859-358-2615, or Scott Endres, scottendres@yahoo.com. On parade day, the registration is at St. Mark's parking lot at 2822 Frankfort Ave. from 10 am – 11 am. The parade will travel from Birchwood Ave. to Pope St. leaving at 11:30am.

Make a float, borrow grandpa's convertible, dress up your dog, blow a kazoo, but don't forget your Bunny Ears! Make plans to come out and celebrate the return of Spring on beautiful Historic Frankfort Avenue.

Follow us on Facebook @TheAvenueEasterParade. We would love for you to #TheAveEaster on all your pictures and posts made to social media as well.

D9 Neighborhood Report

By Metro District 9 Councilman Andrew Owen

I want to take this opportunity to discuss in more detail a couple of issues that have occupied a significant amount of my time since I was sworn in.

First, we have experienced a number of violent crimes in our neighborhoods and I have been in frequent contact with LMPD to encourage additional patrols and to receive updates about where each of the investigations stand. I can't discuss ongoing investigations, but I do feel good about the progress LMPD is making in each case.

One of the first things I did after I was sworn in, was to schedule a standing, monthly, in-person, meeting with Major Grissom, head of the 5th Division of LMPD. I did this for two reasons; 1) because I want Major Grissom to know that he has my full support and 2) to make sure Major Grissom and I have a good personal relationship with an excellent line of communication in place. I want to know what is occurring on the ground in the 9th district, on a daily basis, if need be, and what preventative measures are in place to discourage additional crime.

I also recently met with interim LMPD Chief Villaroel, to discuss the steps we are taking as a city to hire and train more officers and implement proven, effective, crime prevention strategies. I really enjoyed my time with the chief and was very impressed with her disposition, background and experience. After our conversation, I do feel like we are making progress, and, once the US Department of Justice report is released with additional recommendations, we will be positioned to both improve accountability within the force and reduce the overall rate of crime and violence in our community.

Finally, improving the relationship between the officers and the community is absolutely critical to making our community safer. I believe getting officers out of their patrol cars and interacting with the community is the first step toward improving this relationship. I will certainly prioritize this approach as a member of the public safety committee. To encourage this approach, I will support additional foot patrols, bike patrols, horse patrols, ATV patrols; anything that gets the police out of their cruisers and interacting with the community.

The second issue I want to discuss is the Frankfort Avenue restriping plan. The Kentucky Transportation Cabinet (KYTC) will be resurfacing the entire length of Frankfort Avenue from Mellwood Avenue to Shelbyville Road this spring. KYTC recently released a draft design plan for how the street will be striped after the resurfacing is completed. Frankfort Avenue west of Stilz Avenue will be striped the same way it is today. Frankfort Avenue east of Stilz is still being discussed, but the temporary striping that was done after the Water Company project was completed last fall pretty accurately reflects the draft striping plan (a link to that draft plan is included below).

<https://louisvilleky.gov/sites/default/files/2022-12/DRAFT%20US%2060%20Frankfort%20Ave%20Resurfacing%20Reconfiguration%2012.12.2022.pdf>

Over the past few weeks, many of us within and outside of government have been in frequent conversation about KYTC's design proposal, to try to determine what the best design for Frankfort Avenue looks like going forward.

First, I want to make it clear that these rightsizing efforts are almost entirely driven, for better and for worse, by the goal of improving automobile, and to a lesser extent, pedestrian safety. At some level, the bike lanes are an afterthought because there is space left over in the roadway once the lanes are narrowed. I think many people think the bike lanes are the tail that is wagging the dog, and that is simply not true. In fact, many of the cyclists in D9 and other neighborhoods have reached out directly to our office to say they are not in favor of the bike lanes as currently designed.

I have included a couple of links below for reference. The first outlines some of the right-sizing projects that have already been implemented in Metro Louisville and the post implementation safety improvements that have resulted. The second is a link to an NPR article that highlights the incredible success Hoboken, New Jersey has had implementing similar traffic calming practices.

<https://storymaps.arcgis.com/stories/f8f421c060c74cc4906b11d81936043c>

<https://www.npr.org/2022/08/25/1119110757/traffic-deaths-car-accident-hoboken-new-jersey-vision-zero>

Obviously, each street is unique, but in general, reducing accidents and deaths by slowing down cars seems like a worthy endeavor to me.

Arriving at a design that properly balances improved safety, better connectivity between neighborhoods for as many modes of transportation as possible, and parking needs for our small businesses, is the ultimate goal. I can assure you, that we are working hard to arrive at that delicate balance. At the end of the day, Frankfort Avenue is a state road, and KYTC has the final say over what the striping plan looks like. In the meantime, we will continue to advocate for a design that incorporates neighborhood feedback and achieves the goals I mentioned above.

To make meeting with me in person more convenient, I will begin holding office hours at various places around District 9, starting on Wednesday March 8th, from 11:00 a.m. – 1:00 p.m. I'll be at St. Joe's Children's Home located at 2823 Frankfort Ave. Please stop by with any questions or concerns.

Are You Ready for the Kentucky Primary Elections?

Important elections are coming! Here are some things you need to prepare yourself for voting.

These are the important dates:

Senior Nutrition Program

Whether it's crafts, stimulating speakers, or exercise classes, folks 60 and over can take advantage of a variety of life-enhancing activities at United Crescent Hill Ministries. Our calendar is full with live music, speaker presentations, holiday celebrations, craft projects, and exercise options. If you want to participate in a vibrant community atmosphere or would like to get involved as a senior leader or become a volunteer-participant, please stop by 150 State Street between 10 a.m. and 1 p.m. on Tuesday or Thursday.

We are looking for presenters for our speaker series. Do you have expertise or a passion in a particular subject? Past speakers have included authors, photographers, motivational experts, environmental specialists, and history buffs and experts.

Do you have musical talent and enjoy showcasing your gifts? We have a piano on site and a most appreciative audience waiting for your 45-minute morning performances.

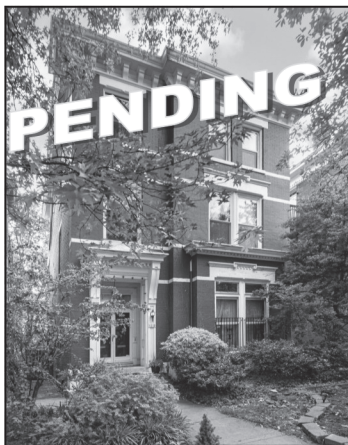

Later this year, we'll put on a fundraiser, and we've already started our search for the Senior Superstar – a singing competition. Help us discover the newest Senior Superstar by inviting your family and friends to enjoy this event with details coming soon.

If you would like to be part of this or interested in more information, please call Monique at 502-893-0346 ext 103 or email her at mshaughnessy@uchmlouky.org.

Louisville Visual Art – Multi-Sensory Public Art Installation

Construction has begun on the Louisville Visual Art multi-sensory public art installation in Banks Commons at the corner of Frankfort and State St. The Clifton-based Kentucky School for the Blind Charitable Foundation provided primary support for the project. Liz Richter, a local muralist and Clifton resident, created a design that features a curved, free-standing wall showing historically significant Clifton buildings and locations. Ceramicist Kristen Falkirk will fabricate the complex ceramic elements.

The project's most innovative aspect is its sensory accessibility to blind and visually impaired people via the surface texture of the mosaic, audio description, braille signage, and supplementary online content. The American Printing House for the Blind, the Clifton Community Council, GBBN Architects, and New Directions Housing Corporation, provided key material and in-kind support to supplement funding from the National Endowment for the Arts, South Arts, Metro EAF & NDF, and Louisville Fund for the Arts.

Clifton Park Trees

On Saturday, February 25, a tree dedication ceremony took place in Clifton Park (Arlington Ave. & Charlton St.) honoring former Metro District 9 Councilman Bill Hollander and his Legislative Aid Kyle Ethridge for their years of service.

Last September, the Clifton Community Council asked Bill Hollander how we could commemorate his 8 years of service to District 9 and Bill said "plant a tree". Emily Boone volunteered to contact Trees Louisville to partner with us on this project. Trees Louisville was receptive and Cindy Sullivan at Trees Louisville contacted Metro Parks and they decided on 2 places in Clifton Park to plant a Bur Oak and Overcup Oak. The trees were planted in November.

A big thanks to Emily Boone for coordinating this project, and to Bill Hollander and Kyle Ethridge for their service to the neighborhood!

'Large Item Pick-up' replaces 'Junk Pick-up'

Large Item Pickup by appointment is being phased into Urban Services District neighborhoods. Clifton's last 'Junk' set out date was February 24-26.

Beginning in March, you will be able to quickly get rid of up to 4 large items, once per week, by simply making an appointment on the Metro311 app or website: Louisvilleky.gov/LargeItems. This means more opportunities to dispose of large items, less "junk" sitting out for weeks, and improved neighborhood cleanliness!

You will receive a letter and info card in the mail or learn more at Louisvilleky.gov/LargeItems
